said:

"I am going away for a greatly needed rest.
Awhile ago I underwent a severe surgical operation which weakened me very much. This, added to the cares of my efficial position, made a vacation necessary. I have been found fault with by some people and commended by others. I can put my hand on my heart and truthfully say that I have labored faithfully to improve the efficiency of the police force and for the best interests of the public. Of course I have had a difficult row to hoe, but my friends have stood by me in a way that has a necouraged me in the performance of my duty."
